

Twister series spray heads

The Twister series spray heads are professional cleaning nozzles, which are ideal for cleaning large surfaces/objects in a short time. With the rotatable head you can open/close the nozzle, accurately set the spray angle and then spray without effort.

They are available in three sizes. From large to small they are successively the Twister XL with a 1" connection, the Twister L with a 3/4" connection and the Twister M with a 1/2" connection.
